In the Matter of:

THE TARIFF OF SALYERSVILLE                    )  
GAS COMPANY                                        ) CASE NO. 8797

O R D E R

In Case No. 8652 dated November 5, 1982, the Commission ordered Salyersville Gas Company ("Salyersville") to file its tariff setting out its rates, rules and regulations. On January 6, 1983, Salyersville filed its tariff with the Commission.

On February 25, 1983, Salyersville was informed by letter from the Commission that two of the proposed rules and regulations did not comply with regulations of the Commission. Salyersville was requested to file revised tariff sheets.

On April 6, 1983, the Commission entered an Order directing Salyersville to file a revised tariff that would conform to the rules and regulations relating to the establishing of a standard pressure and distribution main extensions to mobile homes.

On May 13, 1983, the Commission entered an Order setting the matter for hearing and directing Salyersville to show cause why it should not comply with the Commission's Order entered April 6, 1983.

On May 20, 1983, Salyersville filed its revised tariff as directed by the Commission. The Commission entered an Order on May 31, 1983, cancelling the hearing and continuing the case generally pending a determination by the Commission whether the revised tariff was in compliance with its rules and regulations. Salyersville's revised tariff did not guarantee a standard pressure.

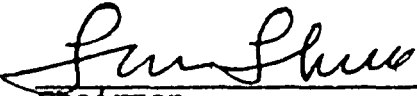

On June 27, 1983, the Commission notified all gas companies under its jurisdiction that an established standard pressure approved by the Commission is required by Commission Regulation 807 KAR 5:021, Section 16. On July 15, 1983, Salyersville filed a revised tariff that established a standard pressure as required by the aforementioned regulation.

The Commission, having reviewed and on August 1, 1983, accepted the revised tariff filing, is of the opinion that this case should be dismissed. ✓

IT IS THEREFORE ORDERED that this case be and it hereby is dismissed.

Done at Frankfort, Kentucky, this 18th day of August, 1983.
